S E P T E M B E R IS COMING!

It is time for us to write;
The world is full of noise and show;
The time of birds and flowers,
Leaves on the evening sky;

Or the world's great day.

Let us then be quiet,

And have the world's noise;

Let us be quiet,

And have the world's flowers;

Let us be quiet,

And have the world's leaves;

Let us be quiet,

And have the world's day.

Let us then be quiet,

And have the world's noise;

Let us be quiet,

And have the world's show;

Let us be quiet,

And have the world's flowers;

Let us be quiet,

And have the world's leaves;

Let us be quiet,

And have the world's day.

Let us then be quiet,

And have the world's noise;

Let us be quiet,

And have the world's flowers;

Let us be quiet,

And have the world's leaves;

Let us be quiet,

And have the world's day.

Let us then be quiet,

And have the world's noise;

Let us be quiet,

And have the world's flowers;

Let us be quiet,

And have the world's leaves;

Let us be quiet,

And have the world's day.

Let us then be quiet,

And have the world's noise;

Let us be quiet,

And have the world's flowers;

Let us be quiet,

And have the world's leaves;

Let us be quiet,

And have the world's day.

Let us then be quiet,

And have the world's noise;

Let us be quiet,

And have the world's flowers;

Let us be quiet,

And have the world's leaves;

Let us be quiet,

And have the world's day.
